

Leaf Collections Begin This Month

It's that time of year again, when the Streets Department is gearing up for leaf-collection season. Since trees lose their leaves at varying times, collection has been lengthened to accommodate the tree cycles.

To collect leaves more effectively, we request that you rake leaves into the street approximately 12 inches away from the curb to allow rainfall to flow down the curb and into the storm inlets. If your street does not have curbs, line up your row of leaves on the pavement as close to the shoulder of the road as possible to leave the maximum amount of street surface open for vehicles.

Please ensure that there are not any foreign objects hidden in the leaf piles. This causes great damage to our leaf-vac, causing a delay in the program for repairs.

- **Please Note: Have your leaves raked and ready for pickup by 7:00 a.m. on the first day of your scheduled pickup.**
- **When the crews are scheduled to be in your area on consecutive days, crews will be on your street one of the days, but not all.**
- **DO NOT park vehicles in the street until leaves have been removed.**

There may be times when the quantity of leaves in one area is so heavy that the leaf collection crews will begin earlier than scheduled. In these cases, crews will return to your area on the days scheduled as well.

In case of an early snow prior to a leaf collection, leaves raked to the curb for collection will likely be plowed onto the road-way along with the snow. Weather permitting, any remaining leaves will be collected. An early snowfall seriously hampers our leaf collection efforts because some of the same trucks that are used to pick up leaves will be needed to plow the streets.

Should you miss the opportunity to participate in the program on the scheduled dates, please bag your leaves and deposit them in the provided dumpster located at the Streets Department building at 580 West Main Street.
